### PAST TRIPS

14<sup>th</sup> March, 1970 – POHANGINA RIVER.

Running slightly late five cars and one motor-bike left the Izadium on what promised to be a most interesting trip. The changing of day from the usual Sunday to Saturday did not seem to deter members, a good muster of 19 eventually starting.

Although none of our number had been on this trip before we had an excellent guide, Mike Martyn of the N. Z. F.S. for the first half hour of the trip. Our thanks must go to Mike for arranging permits. Anyone going into this area of the Ruahines would be advised to contact Mike as he knows the area well and has a lot of good advice to impart.

The going was easy, open paddocks, followed by a bush track paralleling the river and finally dropping down to the river bed. At 11.40 a stop was made for lunch by a delightful little pool below a small rapid. After "Tangs" all round the majority of the party ventured in for a swim.

After lunch the party broke into two to return home, the keener ones going down the river and the remainder returning by the track. The cars were reached by approx. 4.30.

Summing up the trip, although the pace was slow and the party did not get anywhere near Mid Pohangina Hut it was an extremely enjoyable tramp, proving the need perhaps for more similar trips.

Attending were: Grant Potter, Kim Lupton, Adrienne Thompson, Anja Suuring, David Ryrie, Heather Crabb, Ian Hoare, Peter Baxter, Lyall Perris, Owen Robinson, Bruce Hamilton, Kevin Pearce, Stephen Mallett, Carol Stewart, Warwick Blanchard, Brian Booth, Owen Mills, Alan Looser. Leader: Ron Haxton.

13<sup>th</sup> – 19<sup>th</sup> April. SOUTHERN RUAHINE CROSSING.

Saturday morning saw us heading towards Pohangina Saddle Hut up a rather overgrown, and exposed to the wind track. Part of the time we were crawling - the other half running between gusts of wind.

About two hours later we reached the hut and lunch was served. After considerable discussion we decided to bash on. An hour later we were on the Ngamoko Range, and in the wind again. Conditions were more comfortable, however, than our last attempt when we could not see where we were.

A few hours south down the range, and another stop by a tarn just north of Tunupo. A tent was pitched - quite an achievement in the wind that was blowing. Tea was cooked, and a well nourished party crawled into their sleeping bags at the end of a stamina testing day.

The tent was blown down a couple of times, but somehow we survived the night and the breakfast which followed it. In strong winds and thick fog we started out, and after many exciting moments we finally reached Toka about mid-day.

Just off the top of Toka we met Bill and his party and most of us rushed down Deerford Track. However, two were delayed, but half an hour later they reached the party. After a rest at the bottom of Deerford we were taken home by our mini-bus which proved to be very successful.

Those taking part: Ian Hoare, Kevin Pearce, Warwick Blanchard, Graeme Pascoe, David Ryrie, Keith Potter, Malcolm Watson, Leader: Dennis Arnott.

#### 19<sup>th</sup> April. DEERFORD TRACK.

On a dark, misty, windy ridge as we neared the summit of Mt Toka, we sighted a number of rapidly descending storm lashed trampers. Shortly after we reached the tops but quickly retreated to have our lunch down in the more sheltered bush.

Members of the party were: Angus Lonie, Ross Batchelor, Robin Paul, Peter Flaus, Grant Potter, Michael Wiggle, Richard Clark, Leader: Bill Olsen.

#### 26<sup>th</sup> April. MYSTERY TRIP.

(A Scathing Polemic written by a Bitter Disappointed Man.)

The only thing mysterious about this dismal failure was the fall off in support. At the March Club night 25 persons expressed interest and ten cars were available. It was explained to the meeting that the large amount of work required to organize the trip was only warranted if there was considerable support for the trip. Some of the tasks organized required team effort and could not be performed by individuals. Consequently the trip was cancelled and an alternative tramping trip was run to Waiopahu (3,588') a prominent peak behind Levin.

Seven little niggers (first there were twenty five) reached the Pipe bridge at about 10 o'clock (late start) and continued up the track for 3 hours but did not reach Edwards Shelter. Light rain did not detract from the enjoyment. After lunch we returned to the cars, sunshine (briefly) and Palmerston North. A MEDIUM trip.

Those taking part: Dave Ryrie, Anja Suuring, Lynne Potter, Heather Crabb, Lawson Pither, Kevin Pearce, Owen Mills.

#### XMAS TRIP

An Xmas trip gives a grand opportunity to do a lot of tramping and see a lot of scenery in a short space of time, usually of 10 to 14 days duration. It gives the chance of visiting areas too far away for the normal weekend trip, bringing within range many of the most beautiful and challenging areas of the South Island and Southern Alps. Two areas have been so far suggested as possibles for such a trip. Nelson Lakes, Travers River valley (approx. \$25), and Arthurs Pass (approx. \$30). Both areas would provide scope for both mountaineers and trampers.

It is essential that serious thought be given to the trip within the next few weeks. Bookings have to be made for cars and unless action is taken now the club will miss out. It would be helpful if those members wishing to undertake such a trip could fill in the attached slip giving name and preference of area and forward it promptly to the club's box number or hand it personally to Lawson Pither.
