PAST EVENTS

26th July INTERCLUB DEBATE

Our under-privileged and humble team of Chrissie, Terry and Trevor succeeded in retaining our trophies in a very commendable effort against a very privileged looking and formidable Massey team. The debate was enjoyed by all.

MANGATAPOPO 4th August

Ten sardines piled into Don's sardine can and headed for Ngauruhoe, picking Karyn up on the way. We set off into the murk arriving at Mangotapopo in good time for lunch. Nic took seven members of the party and headed for Ketetahi where they spent the night, where "Philip got up to his usual antics". The rest of us found some difficulty crossing the saddle, and the snow was coming down horizontally, so we went back to Mangatapopo and spent the night singing songs.

Several short trips and more snow highlighted Sunday, with an uneventful trip home.

PHOTOGRAPHIC DEMONSTRATION EVENING

A demonstration was given by John Cleland of a photographic process, new to the market, which produces colour prints from colour slides. The process, marketed by Kodak, is simple to follow, assuming the availability of an enlarger and print developing tank. For this reason, and the high quality of the prints produced it was of great interest for some of the keener slide photographers of the club.

The Club wishes to thank the Clelands for their time and hospitality in giving such an educational evening.

Those attending: Phillip Beech, Nic Bishop, John Paterson, Kevin Pearce, Grant Ramsay, Eric Van Toor.
